**MEAT COMPLETE
WITH TAURINE**

RAW MEAT SUPPLEMENT FOR ALL CARNIVORES

Based on whole prey composition, this supplement balances the nutrients lacking in skeletal muscle meat-based diets for carnivores: vitamins A & D (normally supplied by the liver), B vitamins (from gut contents of whole prey), and of course calcium (found in bones). This supplement also contains added taurine – an essential amino acid for felids – and the antioxidant vitamin E.

Guaranteed Analysis

Crude Protein, not less than.....	2.00%
Crude Fiber, not more than	2.00%
Calcium (Ca), not less than	26.7%
Calcium (Ca), not more than	29.4%
